Subject: MN Mining Permits Joint Priority - Priority List

Kevin,

The 2017-2020 PPA/PPG requires us to "identify annual permit issuance/reissuance priorities and timelines by October 1 of each year." The attached list includes all mining permits in MN in the current order of issuance/reissuance priority. As we said last year, the "timelines" are not included as we don't believe we have adequate information to provide meaningful dates. We can discuss further as needed.

Let me know if you need additional information or have further questions.

Thanks, Jeff
